Date of birth: 27/9/1980

Address 144 Region 9–Narges district–Al shorouk City–Cairo - Egypt

SKILLS

- Listening skills
- Using office tools
- Working under pressure
- Dealing with people in an effective manner
- Organizing and planning

ABOUT ME

An enthusiastic and highly motivated Engineer with +20 years of experience in aviation maintenance and engineering. Highly knowledgeable in aviation regulations, safety standards, compliance / Quality management and continuous improvement. Proven capability to define problems, collect & analyze data, and implement solutions using highly analytical skills in Aircraft Maintenance Management.

B1 license Engineer Part 145, Types rated for B737 Series, B777, B787, A330 PDC, A300-600. Perform Light & Heavy Base Maintenance Activities Including (A, B,C,D Checks),(Major Units Change Such As Engine, Apu, L/G), Modifications & Defect Rectifications Which Requires Hangar Visit

LANGUAGES

Arabic 
English 
French 

Education

Aeronautical Engineering BSc. :- Cairo University- Faculty of Engineering
Grade: Very Good, (Sep 1998 - May 2003) With Excellent project grade,
Graduation Project: Design of Twin Turboprop Engine - Regional Aircraft.
Basic Course A & P - Institute of Aviation Engineering & Technology, Embaba Airport 2003-2004.
LWTR : 2004-2006

COMPUTER SKILLS

Microsoft Windows

Microsoft Office

Internet

- Mat lab, Maple, Nastran (Structure Programs)
- AutoCAD Retail (2D & 3D), Mechanical Desktop (4), Turbo cad & 3D-Max.
- Adobe Photoshop, Microsoft Visio Chart, Tec Plot .
- Airfoil Design, Airfoil Grapher, Comp Foil, Airfoil Analysis, And Profile
- Engine Condition Monitoring & Sage Program.
- AMOS , Ramco Aircraft Maintenances Solutions Software
- Airbus Airn@V, Airnav X, Airbus World Website Activities for all airbus Fleet.
- My Boeing Fleet Website Activities, Toolbox For all-Boeing fleet
- Fly EMB 170/175/190 Website Activities for EMB 170/175/190

PROFESSIONAL EXPERIENCE

Maintenances Engineer Part 145- EgyptAir M & E

- Aircraft Engineer B1 - Base maintenances with 20 years at Egypt Air hangars & facility. Perform Light & Heavy Base Maintenance Activities Including (A, C,D Checks),(Major Units Change Such As Engine, Apu, L/G), Modifications & Defect Rectifications Which Requires Hangar Visit
- Egypt air Flight Spanner for B737/B777/B787 for all Egypt air destinations.
- Technical support for Iraqi airways in base maintenance hangar at Baghdad - Baghdad international airport from Nov. 2014 to May 2015 for Boeing / airbus fleet (2 Years)

Additional Duties & Managements:

- Project Manager for Egyptair & Iraq airways maintenances Project through coordinate and manage all the following issues.
 - Materials Supply Under Purchasing, Exchange, Flat Rat Exchange Policy,
 - Components Repair, Engines / APUs Overhaul & Units Overhauls
 - Hiring Personal for Certifying Staff from EGME To IAW In All Maintenances Activities.
 - Training for All IAW Maintenances in All Filed.
 - Maintenances agreements for all heavy maintenance's checks for all IAW fleet.
 - Arrange with IAW new maintenance contracting for A/C overhaul, LG R/I and apply major modifications
- Engineering technical Support using all manufacturers' applicable documents, websites & accumulated experiences dealing with different aircraft types (Airbus: A300B4 /A600 /A220 /A320 /A321 /A330 /A340, Boeing B737 /B787 /B777 & ERJ170)
- Familiar with A/C manufactures and vendor's websites, dealing daily with Airbus world, MyBoeingFleet and Airbus A220World websites.
- Everyday user of AMOS / Ramco System different applications related to Engineering tasks through Customizing AMOS Engineering Business Processes to fit EgyptAir M & E, X-files mapping for data migration iterations, building modification documents on AMOS /Ramco modification process, Building Part requirements based on Aircraft Maintenance Program or from component maintenance manuals & Building Aircraft data starting from basic data on aircraft administration to actual and reference tree configurations
- Aircraft System & Cabin Interior project Engineer in The Following new Project for Egypt air And Member In All Committees of Selection For Cabin Interior (Seats, Galley, Lav., Decoration Etc) And Aircraft System (Brakes, PumpsEtc).
 1. EgyptAir project for New B737-800 dated 2007,2012 & 2015.
 2. EgyptAir project for New B777-300ER dated 2010.
 3. EgyptAir project for New B777-300ER dated 2010.
 4. EgyptAir project for New A330-300 dated 2012.
 5. EgyptAir project for New ERJ170 dated 2010.
 6. EgyptAir project for New B787-8/9/10 dated 2019.
 7. EgyptAir project for New A220-300 dated 2019.
 8. EgyptAir project for New A320 neo dated 2019.
 9. EgyptAir project for New A321neo dated 2022.
 10. EgyptAir project for New A350-900 dated 2023/2024.
 11. EgyptAir project for New B737MAX dated 2023/2024.

Professional Qualifications

- Basic course in Aircraft Maintenance Engineering A & P (2003-2004)
- ECAA License without Type Rating for Large Aircraft dated 19/11/2006
- B1 licensed Engineer, Type rated for B737 Series, B777, B787, A330 PDC, A300-600.
- Technical Service Engineer Part M engineer for B737 Series, B777, B787 & A300-600
- Cabin Engineering & aircraft fleet Configuration
- Human factor Training Course
- CDCCL (SMS) Training Course
- EASA MOE Training Course
- EASA Part 145 Regulations Training Course
- EASA Part M Regulations Training Course
- EWIS Training Course
- EASA EGME MOE Training Course
- ETOPS Training Course (B737-6/7/8/900, B777-200/300ER, B787-8/9/10)
- AMOS Aircraft maintenances solutions Software Training Course with EGME
- Ramco Aircraft maintenances solutions Software Training Course With IAW
- RVSM Training Course
- B787 fiber optics Training Course
- B787 AHM Training Course.
- Engines Run for B737/B777/B787

Approvals/ Authorizations

- A/C Maintenances Engineer L.W.T.R. for Large A/C A & P Egyptian Civil Aviation Authority ECAA.
- Approved Maintenances Engineering license - PART 145 Engineering.
 - Boeing B737-3/4/500 CFM56-3C Part 145 Authorization (B1)-EgyptAir.
 - Boeing B737-6/7/8/900 CFM56-7B Part 145 Authorization (B1)-EgyptAir.
 - Airbus A300-600 PW-4158 Part 145 Authorization (B1)-EgyptAir
 - Boeing B777-200 PW 4090 Part 145 Authorization (B1)-EgyptAir.
 - Boeing B777-300 GE90-115 Part 145 Authorization (B1)-EgyptAir.
 - Boeing B787-8/9/10 Trent 1000 RR / GE GENX Part 145 Authorization (B1)-EgyptAir
- Approved Engineering license - PART M Engineering.
 - Boeing B737-3/4/500 CFM56-3C Technical Services Authorization (B1)-EgyptAir.
 - Boeing B737-6/7/8/900 CFM56-7B Technical Services Authorization (B1)-EgyptAir.
 - Airbus A300-600 PW-4158 Technical Services Authorization (B1)-EgyptAir
